AVG Logistics Limited develops a new 45-ft temperature-controlled reefer van to optimize cost & move towards sustainable transportation

Monday, 3rd July 2023, New Delhi – AVG Logistics Ltd. (“AVG”), a leading logistics company in India, announced the development of a **45-ft temperature-controlled vehicle with a payload of 22 tonnes** that will benefit AVG’s customers in **optimising cost** and moving towards **sustainable transportation**. This vehicle is equipped with **state-of-the-art insulation, safety parameters and predictive alerts**.

This vehicle is an addition to AVG’s existing fleet of **240+ high-quality premium reefer vehicles**. This is a testimony of AVG’s commitment to provide top-notch cold chain solutions for a wide range of applications, from first mile to last mile delivery.

Commenting on this development, Mr. Sanjay Gupta, Managing Director and CEO, AVG Logistics Limited said,

“Innovation and renovation are at the core of AVG and as a responsible carrier we are fully committed towards transforming the nations supply chain. Our country’s supply chain is getting Bigger, Bolder, Smarter, Safer and more Efficient and to incorporate these elements, we have developed this niche product.

This vehicle is designed specifically for one of our major clients and we would like to express our gratitude towards customers in guiding us for paving the way towards Sustainable Operations.”
